Idaho Nursery & Landscape Association (INLA) Congratulates Nine (9) “Landscape Industry Certified Technicians”

The Landscape Industry Certified Technician program is an international certification program through the National Association of Landscape Professionals (NALP) with the Idaho Nursery & Landscape Association (INLA) as the administrator. The INLA and College of Western Idaho are partners in bringing the exam to Idaho. This program is a commitment to enhancing the level of professionalism in the Green Industry.

The Certification test was a two-day event held on Sept. 30 & Oct. 1, 2016. Friday the written tests were given at the CWI Horticulture Building. Saturday, the hands-on skills tests were given at the test site. Candidates are timed and graded on their performance. The Certification program is designed to elevate the professional standards, enhance individual performance and designate those who demonstrate a thorough knowledge of the responsibilities of their job. There were 30 individuals that participated by taking the exam.

INLA recognizes the following individuals as trained professionals with skills, knowledge and expertise in the landscape industry, after passing the September 2016 Certification Exam:

Ben Hardy, Turf Maintenance, One Grounds Management, Caldwell, ID
Jason Miller, Hardscape Installation, Kimberly Landscape & Nursery, Twin Falls, ID
Tommy Dieter, Irrigation, Kimberly Landscape & Nursery, Twin Falls, ID
Cole Howard, Hardscape Installation, Kimberly Landscape & Nursery, Twin Falls, ID
Jerrold Siver, Irrigation, Kimberly Landscape & Nursery, Twin Falls, ID
Fransisco DeLira, Turf Maintenance, Payette Lawn Care, Payette, ID
Conner McLeod, Softscape Installation, Terravita Landscape, Boise, ID
Scott Timson, Irrigation, Boise Parks & Recreation, Boise, ID
Joel Guitierrez, Hardscape Installation, Kimberly Landscape & Nursery, Twin Falls, ID
