Idaho Nursery & Landscape Association (INLA) Congratulates Fifteen New “Certified Landscape Technicians” Four People Earning Multiply Designations!

The Certified Landscape Technician program is a national certification program through the National Association of Landscape Professionals (NALP) with INLA as the administrator. The Idaho Nursery & Landscape Association and the College of Western Idaho are partners in bringing the exam to Idaho. INLA and CWI are committed to enhancing the level of professionalism in the Green Industry.

The CLT test was held September 28th and 29th, 2018. The CLT program is designed to elevate the professional standards, enhance individual performance and designate those who demonstrate a thorough knowledge of the responsibilities of the job.

INLA recognizes these individuals as trained professionals with skills, knowledge and expertise in the landscape industry. The following candidates earned their certifications:

Roberto Patlan Baeza, Syringa Landscape LLC, Eagle – Landscape Industry Certified Turf Maintenance Technician
Jason Bishop, City of Nampa Parks Dept., Nampa – Landscape Industry Certified Irrigation Technician
